ED BUCZESKIE

Viper or Valiant, it doesn't really matter in the Mopar hobby – and that's what makes it so great. Our camaraderie is second to none. I met many friends that I've known since the '80s simply because we drove Mopars. More than one friendship resulted from passing each other on the road then pulling over somewhere to talk.

Now that Ma Mopar is making some really exciting cars again, we have a whole new generation entering the hobby. Speaking of generations, this year we are highlighting cars from one of the earliest generations and one of the most recent. Starting with the "newest," we have the Dodge and Plymouth Neon. Believe it or not, these twins turned 20 this year!

About ten years before the Neon we were blessed with some cars from, none other than, Carroll Shelby. Jumping back a bit farther to the heart of the muscle car craze we have two of the coolest street versions of race cars, the AAR Cuda and Challenger T/A. Finally, we take about a 60-year journey in the Way Back Machine to the Virgil Exner era, 1955 through 1961.

In addition to these spotlighted vehicles, we have lots of everything else too. Basically, if it was built by Chrysler after WWII, you'll probably find it here. If it was built before the war, we welcome those vehicles too. On the opposite end of the spectrum are the late models, and we have more of them than most LX-specific events, plus hundreds of trucks both new and old.

So there you have it, folks, this is a show that truly represents more than seven decades of the Mopar hobby. Sure, the show is still predominantly classic muscle, but thanks to each of you, we have something to offer just about any Mopar enthusiast – and lots of it. Regardless of age (car or owner), if you're reading this, then you are most likely part of our big Mopar family!

Unlike most other automotive brands, we are arguably the most cohesive. I think that is what will keep the Mopar hobby strong for years to come. We all have our preferences and favorites, but in the end we all respect just about everything that's ever come out of Auburn Hills. The fact that Chrysler is building high quality vehicles, as well as some of the best-performing ones ever, will bring a whole new generation of cars and owners to our family.

Looking ahead to next year, we will celebrate 50 years of the Charger and 50 years of the Street Hemi. Look for some of the most iconic examples of each July 15-17, 2016. See you at the next Mopar Family Reunion!

I'd love to hear from you! Send an email or call me at:

■ **Tom Wopat aka "Luke Duke"**

The popularity of the iconic TV series "The Dukes of Hazzard" made its cast and vehicles household names. For example, most people over the age of 40 will know that General Lee was more than just someone from the Civil War, the name was also given to an orange Dodge Charger with the number 01 on its side. That same 40+ audience knows very well too who Boss Hogg, Uncle Jesse, and Bo and Luke Duke were. Younger people know that Daisy Dukes are short shorts, even if they don't why they have that name. We've enjoyed hosting stars from the show over the years: 2013 – Sonny Shroyer (Deputy Enos Strate); 2012

– Catherine Bach (Daisy Duke) and Ben Jones (Cooter Davenport); 2011 – John Schneider (Bo Duke); 2010 – James Best (Rosco P. Coltrane) and Byron Cherry (Coy Duke); and 2001 – Christopher Mayer (Vance Duke). As the tradition continues, we are very excited to welcome, for the first time, Tom Wopat, aka "Luke Duke."

If you have ever watched an episode of "The Dukes of Hazzard," you've seen Tom Wopat play the part of Luke Duke, King of the Hood Slide. He's also the star of stage, screen and other TV programs. Along with Dukes, Wopat has appeared on Home Improvement, Cybill and Murder She Wrote, most recently in a popular film called Django Unchanged and has even been nominated for Tony Awards for work on Broadway in Annie Get your Gun and A Catered Affair. Visit Wopat throughout the weekend in Building T and snag an autograph, snap a photo or just talk to him about his time on the show as one of Georgia's most popular outlaws. Your first autograph is free! See schedule.

■ **The Ramchargers**

In 1959 a group of engineers from Chrysler Corporation began to participate in the nation's new craze, "drag racing." They started with a 1949 Plymouth business coupe named "The High and Mighty." By the 1960 race season, this group created the team named Ramchargers. The Ramchargers were named after the "long-horn" intake manifold that powered the early Chrysler 300 series. In 1963 the Ramchargers became nationally famous with two factory-sponsored team cars, each using an automatic transmission. Nicknamed "Candymatic," the cars were white with seven candy-apple

red stripes on the top and trunk deck, along with the name Ramchargers, leaning boldly toward the front of the car on each side.

2015 sees the return of Mopar Hall of Famers, the Ramchargers. The Ramchargers will make appearances in the Dodge booth on the Midway. Enthusiasts can sit in on a panel discussion with original members of the Ramchargers in the Seminar Tent. Ramchargers members scheduled to attend include Al Adam, Mike Buckel, Tom Coddington, Barns Danials, Dave Rockwell and John Wehrly. See schedule for times and locations.

■ **The Golden Commandos**

The Golden Commandos were a group of Chrysler Corporation employees composed of engineers, technicians and mechanics based out of Highland Park, Michigan. In late 1962 they began racing in Super Stock under the Plymouth banner. By '64 they were running the new lightweight Race Hemis and became the first to break into the 11s. For 1965 they built an altered wheelbase Plymouth which won the unlimited class at Super Stock Magazine's meet in nearby York, PA at U.S. 30.

Another car the Golden Commandos built in 1965 was a Barracuda called the "Goldfish." It was powered by a 273 and was a successful car in its own right breaking the AHRA F Stock record its first time out. In 1967 they campaigned their first true, flip top Funny Car called the "Dune Buggy." The Golden Commandos embodied the slogan "Win on Sunday, sell on Monday."

We are honored the Golden Commandos join us again this year. The "Goldfish" will accompany the Golden Commandos this weekend at Carlisle.

We say auto, but we know it is more than that.

Service as impeccable as your car.

Beautiful lines and admirable ingenuity, sleek bodies, strong engines and the soft hum of an exhaust. It's much more than just a car. It's automotive art. When it's time to ship it, you want to be absolutely sure it is taken care of. Our service may not be automotive art, but it's our job to ship and preserve it, and we take pride in that.

■ MoPowered Tour

The MoPowered Tour, presented by Mopar Collector's Guide, is a group of people from the national cruise, Hot Rod Power Tour. The "Long Haulers," those that complete the entire cruise will end the MoPowered Tour at our event this weekend. Look for them on the Showfield in Row Q.

■ Autocross Ride-Alongs

Go for a thrilling ride in a professionally-driven *Hotchkis Sport Suspension*-equipped Mopar. Not only will it be fun, but you can experience firsthand what their product can do for your classic. No additional fee.

■ Autocross Open Runs

Supported by Hotchkis Sport Suspension

Drive your car to the autocross track, pass the tech inspection, and take your turn on the track. All vehicles registered for the Showfield are welcome to give it a try. Awards will be given to those with the best times.

■ Real Street Shootout

Supported by Hotchkis Sport Suspension

The Autocross Real Street Shootout returns this year and takes place on Friday. Twenty competitors have signed up for a chance to win awards and cash! Registration fee \$25. The Shootout begins with a drivers' meeting followed by vehicle judging. Then the cars go on a 10-mile drive and when they return, they race autocross-style under the lights on the track. Join us at the track Friday night!

■ Women's Oasis

We have filled a huge tent with vendors and activities specifically for women beside Building R. See page 16 for details.

■ Dodge Rocks Tour & Test Drives

The Dodge Rocks Tour offers fans the chance to get up close with some of the Dodge brand's most exciting performance cars, test drive its lineup of award-winning vehicles and get their hands on cool Dodge-branded swag.

Test drives take place on-grounds and include all vehicles from the Dodge lineup: Charger, Challenger, Dart, Durango, Caravan and Journey.

Other fun activities include Dodge-themed airbrush tattoos, a "Spin-to-Win" game where participants can win Dodge-branded items, live music and the Dodge Vehicle Owner Showcase hosted by Steve Magnante, a Mopar aficionado, journalist and television personality. Magnante will also roam the show and interview diehard Dodge fans

to learn what drives their passion for Dodge and their vehicles for a program called, "are you Dodge material?" The most compelling stories will be shared on Dodge social media channels.

■ Hellcat Thrill Rides

Dodge has upped the ante for this year's Thrill Rides. As part of the Dodge Rocks Tour you can take a FREE ride in a Hellcat Challenger. Get ready to strap in and take the ride of your life as you get to experience 707 horsepower from a stock Challenger! Taking a ride is totally free and it's as easy as signing up. Don't miss the opportunity to ride in the modern muscle car that all of the other manufacturers are trying to catch in the horsepower wars.

■ Daisy Dukes Contest

Many of you know that the term "Daisy Dukes" came from the character and her signature shorts in the TV show, "Dukes of Hazzard." Since we celebrate all things "Dukes" during this event, we invite the ladies to grab their best pair of cut-offs, a tied-off plaid shirt and see if they can win some cash. Ladies must register at Guest Services and be 18 with valid ID. Complete rules and contest format are available on the registration form.

■ Chrysler Performance Engines

Join Herb as he shares his decades of knowledge building and tuning everything from the Slant Six to the Hemi. Herb's knowledge doesn't stop with old school muscle. In fact, Herb is very fond of the 3rd Gen Hemi and he's quite skilled at swapping them into classic Mopars. Listen to Herb and learn from his vast knowledge. Be sure to ask questions because Herb is probably the most helpful guy in the hobby!

■ Preventing the Ethanol Destruction of Carburetors

This seminar will provide attendees with an explanation of ethanol in today's fuels and why ethanol destroys carbureted fuel systems. After a little background, you'll be educated with ways to prevent damage to your fuel system along with products to solve these problems. It will conclude with a Q&A session to allow you to get your specific questions answered by the experts.

■ The Truth About Motor Oil - Updated

This seminar will first focus on oil with some history, trivia, "Motor Oil 101" explaining zinc and a review of how oil specifications have changed over the years and why. There will be a strong emphasis on the changes to "SM" & "SN" specifications in 2004 and 2010. For the first time in the history of motor oil in the US, the oil companies were unable to meet the EPA catalytic converter restrictions

(150,000 mile warranty) with an oil that is suitable for older cars with flat tappet cams. The latest specifications have enough detergent to clean the "zinc" right out of the engine.

■ AAR & T/A Question & Answer

Barry Washington and Jeff Bangert are probably the two most knowledgeable guys when it comes to Mopar's Trans Am cars. Join them as they share what they've learned about these cars but more importantly, they are here this weekend to answer YOUR questions. If you want to know how something was done when it comes to AARs or T/As, bring your questions.

Trans Am & Other Race Development Bob Tarozzi was heavily involved in many of Chrysler's race programs including Trans Am, Hemi A-Body, NASCAR, Top Fuel, open-wheel road racing and more. Bob will share his personal experiences so if you want to hear the real stories, don't miss this!

■ Girls Auto Clinic

There are plenty of women who enjoy the automotive hobby, but there are still plenty of others who are not as knowledgeable about cars as they would like to be. Patrice Banks was one of these women so she took it upon herself to become an automotive technician and now she wants to help other women become more knowledgeable about automotive repair and maintenance.

This seminar is geared towards women, but all who are interested are welcome to attend.

■ What's up with Mopar Values?

Is your Mopar going to hold its value? Come see what recent sales results are telling us about the value trends for Hemis and other popular Mopar muscle cars. Sit in on the seminar and feel free to ask the folks from AAG about the benefits of having your vehicle professionally appraised.

■ Tom Hoover's Contributions to Chrysler and Racing

Join original members of the Ramchargers, Dodge's race team of factory engineers, as they discuss the life of Tom Hoover and the impact he had on Chrysler's performance cars and race programs. Tom did much more than just the Hemi and his fellow Ramchargers will honor him by sharing personal memories.

■ History of the Golden Commandos

The Golden Commandos have reunited and they're doing the Mopar show circuit to meet fans and share their history. These men used their personal experiences at the track to build better performing Plymouths! Hear the stories of the Golden Commandos firsthand from the men who made Plymouth so successful in racing and on the street.

■ **Participant Judging**

All showfield participants must check in at the Guest Services building for their goody bag, dash card and participant ballot judging sheet. Participants get to choose their favorite car from each class and the cars with the most votes receive awards on Sunday.

■ **Celebrity Choice Awards**

All showfield participants are eligible for a Celebrity Choice Award. Celebrity Judges will make their selections on Saturday by placing a certificate and sticker on the vehicles they choose.

■ **O.E. Judging**

New for 2015, O.E. Judging was an option for Showfield participants. It is limited to just four cars and was sold out before the show. They will be evaluated by the best in the business and each will receive hours of evaluation. The judges will be looking for the correct parts, bolts, nuts, hardware, date codes, etc. Each part must be correct for the build date of the car, assembly plant, etc. Everything must match the fender tag and/or build sheet. All restoration procedures must match the factory assembly line procedures and

cars that are restored to better than factory will actually lose points. The judges in 2015 are slated to be Frank Badalson, David Wise, Paul Jacobs and Chuck Kuhn. You can watch this detailed judging process Friday and Saturday in Building R.

■ **“This Car Matters” Award**

The Historic Vehicle Association, or HVA, will choose a vehicle to receive their ‘This Car Matters’ award. It is a movement designed to collect, preserve and share stories that celebrate the automobile’s historic impact on modern culture and the lives of everyday people. Congratulations to the 2014 winners, Bob and Sharon Malcolm and their 1969 Dodge Charger Daytona. Read more at HistoricVehicle.org.

■ **Mopar Top Eliminator**

Representatives from Mopar will be searching the Showfield for a car that truly represents the Mopar hobby. The owner will become one of only four nationwide recipients of the 2015 Mopar Top Eliminator award. The vehicle that is selected will be displayed at the Woodward Dream Cruise in August. All vehicles registered for the Showfield are eligible for this honor.

Congratulations to the 2014 winner, Ron Dezsi, of New Boston, Michigan and his 1969 Dodge Super Bee with a 426 HEMI V-8.

■ **Club Challenge & Coolest Club**

Each year, clubs compete to see which has the most vehicles in attendance, and awards are presented to the top three. There is also an award presented to the coolest club as determined by our event staff. See page 36.

■ **Young Guns**

“Young Guns” is a showfield class for owners age 25 and younger, male or female. It is open to all makes and models of Chrysler vehicles. Judging is by participants, just like the other classes. This is a great way for younger people in our hobby to meet others and show off what they are doing with their cars.

■ **Awards & Presentation**

The winners’ list is posted at 9 a.m. Sunday in front of the Grandstand. If you won an award, go to the Guest Services building to pick it up and check in for the optional winners’ parade. Awards are available for only one year after the event.

Remembering Tom Hoover, Father of the Hemi

By Ed Buczeskie

Tom Hoover’s achievements span more than six decades beginning with the Slant Six Hyper Pack all the way up through the current Hemis. Yes, long after Tom retired from Chrysler he was consulted with on the 3rd Gen Hemi. I’m pretty confident that just about everyone in the hobby is familiar with Tom’s work so I’d rather focus on the man himself.

Not too long after I began my stint here as the Event Manager, I received a call from Mr. Tom Hoover. I’m sure I was smiling during the entire conversation. The man is a legend and here I am talking to him. First, I

was amazed that he called me regarding the show rather than my having to call him. He called to make sure as the “new guy” that I would want to have him at the show.

As I’m scrambling to get the company checkbook ready to write my first big check, Tom tells me all he needs is a hotel room! He went on to tell me how he considers Carlisle his second home and that he just loves the show, the cars and most of all, the people. My guess is he would’ve come even if I couldn’t get him a hotel room. The man was truly passionate about Mopars. Tom told me he’d never miss Carlisle but unfortu-

nately his health kept him from attending a couple of times. Even if he missed a year, if he was feeling up to it, he was back the following year.

We are all indebted to Tom for what he’s done for Chrysler and the cars we all love. As a tribute to Mr. Hoover we are going to do an Engine Rev on Friday at 2pm. We’ll start with any and all Hemi-powered vehicles. Then after ten seconds, we want every Mopar to sound off. We’ll rev the engines for about one minute as we remember one of the most influential people ever in the Mopar world. We miss you, Tom!!

› Mopar Collector's Guide Hall of Fame

2015 Mopar Hall of Fame

Now in its fourth year, the Mopar Hall of Fame has become one of the "can't miss" events of the Chrysler Nationals. The Mopar world was in desperate need of a way to honor those who made our hobby and industry what it is today and the Mopar Hall of Fame was the answer. Although it was created by Robert Wolf of Mopar Collector's Guide magazine, he is the first to admit that it really belongs to the entire hobby and the other Mopar magazines are more than welcome to participate.

Although most of the inductees are also guests of the show for the weekend, the Hall of Fame offers attendees the opportunity to enjoy dinner, personal stories and more in a very intimate setting. All Hall of Fame inductees and members spend the evening mingling and sharing stories before and after the formal presentations. During the presentations you have the once-in-a-lifetime occasion to hear some of the greatest stories right from the source!

Don't let another year go by without attending the Hall of Fame held at the Radisson in nearby Camp Hill, PA on Saturday evening. Festivities begin at 6:30 with a mixer followed by dinner at 7:30 and the Induction Ceremony at 8:30. Seating

is limited to only 300 and tickets can be purchased at the various Mopar Collector's Guide displays at the show (see page 51).

■ Carl Kiekhaefer

Carl Kiekhaefer never intended to be an icon of motorsports, but he is now known as the man who set NASCAR on its ear and made Chrysler 300s famous. The engineering genius decided to enter auto racing in 1954 and started with three Chrysler New Yorker coupes and then bought Chrysler 300s. The amazing 300s started 45 events, and won 22 of them. In two years, he rewrote how stock car racing would be conducted and was the first person to bring major corporate sponsorship to the sport. Carl's operation is recognized as the first "super team" in the history of NASCAR.

■ Dave Koffel

Dave Koffel's one of the nicest and smartest guys in Mopar drag racing. Koffel began racing in the early fifties, but his "Flintstone Flyer" '48 Packard Gasser of the early sixties launched him on the path that changed the sport forever. By 1965, he had been introduced to Chrysler's Bob Cahill and began running Super Stock Plymouths. In '67, he built and

campaigns his iconic Barracuda A/ XS funny car, and by 1968 Chrysler hired Dave to work full time in Cahill's racing group. Dave was one of the major pioneers of Chrysler's initial Pro Stock efforts. He remained with Chrysler until 1980 when he left to open his own racing shop. Dave developed the famous B-1 heads and has built numerous drag cars.

■ Virgil Exner

Virgil Exner will forever be tied to his styling work for Chrysler known as "The Forward Look." Exner began his styling career in 1938, working for the legendary Raymond Loewy then was hired directly by Studebaker. In 1949, Exner joined Chrysler and worked on the design of virtually every Chrysler made from 1950 through 1962. His work with fins, interiors, and exotic grilles put Chrysler on the cutting edge of fashion. Exner left Chrysler in 1961, going on to design boats with his son and he continued to design exotic cars the rest of his life. Exner passed away in 1973 from his long-fought battle with a heart condition.

■ "Big Willie" Robinson

"Big Willie" was a New Orleans native who moved to LA in 1962 and joined the Army. After returning from Vietnam in 1966, Willie was upset by

the race riots in Southern California, so he convinced feuding gangs to settle their differences through drag racing! That was the beginning of his Street Racer's Brotherhood, which eventually became an international organization. Dodge recognized Willie's good efforts in 1969 and presented him with a new Charger Daytona. This led to him becoming close friends with the legendary Keith Black and was now forever associated with winged cars and Hemis. Before passing in 2012, Willie helped inner city kids build and race hot rods.

■ Vanishing Point Challenger

The "Vanishing Point" 1970 Challenger R/T inspired countless children to become Mopar fanatics when the movie gained a cult following in the late seventies. Richard Zanuck of 20th Century Fox was the man insistent on using white '70 Challengers for the film, and five new 1970 R/Ts were delivered by Chrysler; four were 440 four-speed cars and the fifth was a 383 automatic. The movie was remade in 1997 for Fox Television, again featuring white 1970 Challenger R/Ts, this time with a highly altered story. That movie, like the first, soon gained cult-like status among the automotive faithful. These white Challengers have earned their place in the history books.

■ Buddy Arrington

Buddy Arrington is a legendary figure in NASCAR and Mopar history. Arrington began professional NASCAR racing in 1964 behind the wheel of his Dodge hardtop. What makes Arrington unique in the history of the sport was his dedication and loyalty to Chrysler. In 1985, his Imperial became the last Chrysler product in NASCAR until Dodge reentered the sport in 1999. As prolific a racer as Buddy was, he never won a single race. In his 560 career starts, his highest finish was seventh. Buddy never abandoned the Mopar banner until Mopar completely abandoned him, pulling all sponsorships in 1985. For loyally racing Chrysler products probably longer than anyone else, Buddy

Arrington more than deserves his place in Mopar history.

■ Dick Maxwell

Dick Maxwell could easily be considered the most important executive in the history of Chrysler's performance cars. Maxwell began working for Chrysler in 1959 as a student engineer and by the late sixties was in charge of Chrysler's performance division and would later become Chrysler's vehicle performance racing manager. He also helped design and bring the Max Wedge cars into production, along with the early Hemi cars. Maxwell pioneered the link between Chrysler and the aftermarket parts industry, and was instrumental in getting the 440 Six Pack cars introduced. Regrettably, Dick Maxwell passed away due to injuries suffered in a motorcycle accident in 2002.

■ Teddy Spehar

Ted "Teddy" Spehar's shop wasn't far from Chrysler's engineering facilities in Detroit, so it was natural he had a relationship with Chrysler's racing operations. Spehar gained notoriety on the national stage in the early sixties when he built a '64 Hemi Dodge Super Stocker for famed racer Wally Booth, and it put him in close ties with Chrysler's drag racing R&D group. Spehar served as Chrysler's "field test" racer, which reached its apex in the opening days of Pro Stock. Teddy built the famed 1970/1971 Challenger Motown Missile, driven by Don Carlton, and also built the Motown Missile 'Cuda and Duster, becoming one of the foremost innovators in the early days of Pro Stock drag racing.

■ Charlie Stang

Charles "Charlie" Stang was Carl Kiekhaefer's right-hand-man

throughout the glory days of their foray into NASCAR. Stang was the man responsible for coming up with countless innovations we now take for granted, such as the paper air filter. It was Charles' engineering that made the Kiekhaefer Chrysler 300s the first stock cars to break 140 mph, and which caused every other team in NASCAR countless hours of frustration. His remarkable engineering achievements place Stang in a very small group, as he actually received the American Success Award from President H.W. Bush at the White House in 1989 – an accolade very few people in motorsports have ever achieved.

■ Lee Smith

Lee Smith is perhaps one of the most colorful drag racers from the Midwest, thanks in large part to his incredibly colorful "Craze 'Cuda" Hemi Pro Stocker and the '67 Plymouth "Whackee Wagon." The rainbow-colored racers were recognizable a mile away, but Lee's affiliation with Plymouth goes well back before those cars, to his racing Super Stock Plymouths in the early sixties, and then becoming one of the six drivers to receive a factory altered wheelbase A/FX Plymouth in 1965. Smith's "Haulin' Hemi II" A/FX altered car is perhaps his best-known ride, and certainly the car which put Lee Smith on the national stage.

■ Ron Mancini

Ron Mancini may always be affiliated with the yellow '68 Hemi Super Stock Darts he drove from 1970 through 1976. Ron's Mancini Racing Team cars were instantly recognizable, but his career in racing is more diverse than people realize. Ron spent 37 years working for Chrysler, first as an engineer, then in production management. He also taught engineering and drive line mechanics at the Mo-Tech Institute. Starting his racing days in 1967 with a '63 Plymouth, he graduated to a '64 Hemi Dodge, then landed a Hemi Dart. Coming out of retirement in the nineties to race Nostalgia Max Wedge, he returned yet again in 2006 when he helped build and test the early Drag Pak Challengers.

The Forward Look

By John Diekewicz

This year marks the 60th Anniversary of Chrysler's famed revolution in design that shook the automobile industry, "The Forward Look." These 1955-1961 vehicles were the embodiment of the atomic age. From their impressive gleaming grilles which projected power down their swept wing sides and then rising to the apex of their towering tailfins, they represented the excitement of an age when the car owner could pilot their own rocket on wheels, (stabilizer fins included). Plymouth, Dodge, DeSoto, Chrysler and Imperial were dubbed "The Forward Look" due to their continual look of forward motion, even while parked.

The dynamic designs that the Chrysler Corporation unveiled to the car buying public were the creation of famed stylist Virgil Exner and his team of designers. The prowess

of Virgil Exner and his inventive automotive designs were showcased earlier in his career while at Studebaker. It was at Chrysler, however, that, as Vice President of Styling, he reached the zenith of his achievements in the car industry and left an indelible mark on automotive design.

In celebration of this 60-year milestone, we are proud to present a compendium of all things that Chrysler represented during this era of engineering excitement.

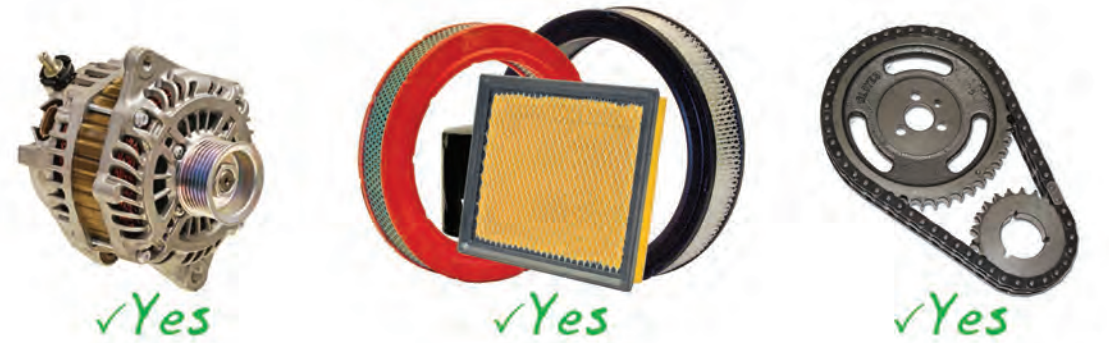

You are cordially invited to Building G, outside of Gate 1, for one of the largest gatherings of Forward Look vehicles that rolled off the assembly lines and across America during this time of excitement and anticipation of what would come next.

Stepping into Building G, you will feel as though you have been

transported back in time as you encounter not only the vehicles, but many examples of their marketing. Enjoy the enveloping atmosphere that conveys what the experience was like to walk through the door of a Chrysler Dealership during that time.

In addition to this extraordinary exhibition, Automotive Designer Virgil Exner Jr., will appear at this gathering. His father, the creator of The Forward Look, will be honored with his induction into the Mopar Collector's Guide Hall of Fame Saturday evening (see page 18).

After you've experienced all that is offered to mark this anniversary celebration, it will be abundantly clear how Chrysler's Forward Look vehicles continue to captivate an ever-growing fan base that you have now joined.

Retro Art by Kyle Lankford

By Sarah Burkarth, Carlisle Events Social Media Coordinator

For about seven years, Building G has taken on a multi-day transformation as sign painter Kyle Lankford has painted its solid glass walls for the Chrysler Nationals. His famous pop art has made him a Carlisle celebrity as locals look forward to watching him create symbols of classic cars. The building looks as though it's jumped into a 60's time warp before the car show gets started.

Kyle Lankford, of nearby Hanover, was first hired by Ed Buczeskie, event manager, in 2007. Ed wanted Building G to look like a retro dealership and that's exactly what locals thought at first. Many people were concerned that an actual car dealership was moving in and that convinced both Ed and Kyle that their vision was achieved.

As the Chrysler Nationals

approaches each year, Ed and Kyle sit down and brainstorm about the next theme. Brainstorming includes looking over images from past shows and seeing which year model is featured for the upcoming show. Then the main inspiration for the artwork comes from the logos and engines of those featured cars.

As a child growing up, Kyle's father was an art director for the Baltimore Sun and he fell in love with pop art such as Tony the Tiger and Count Chocula. Eventually an old sign painter was nice enough to show Kyle the ropes and soon he was hooked. After 13 years mainly doing car-related gigs as well as cartoons for books and newspapers, his most famous pieces come from Building G. Many car enthusiasts from all over the world take pictures of their cars

in front of his paintings.

"People will line up to have their photo taken in front of a specific window. Some have even put my pictures in magazines and books that I've never seen, and that's really flattering" shared Lankford.

Kyle says he seems to spend more time thinking of how he's going to do his art, rather than actually spending time doing it. There is a lot of thought that goes into each and every one of his pieces making them unique in their own special way.

As he paints the windows in front of Building G, he balances on his ladder listening to music, painting his artwork mainly free-handed while also using stencils and outlines. His passion for his craft shines as he brings his art work together.

This year's theme features the Forward Look Reunion.

THE MONETA FAMILY

THE MONETA FAMILY WEDDING

Moneta: A Mopar Family

By Shannon Hamblin, Carlisle Events Assistant

Over the last 41 years, our events have become a common destination for family vacations. Our guests have told us that it's a great place to enjoy their hobby, discover new things and make memories. All of that is true for the Moneta family of New York.

They have made Carlisle an annual trip during the past 30 years. Al Moneta, a truck mechanic from Long Island, learned of Carlisle in a 1983 ad in the Hemmings Motor News. He and his family began their love of Carlisle with the Spring, Fall, and Summer shows and have been coming to the Chrysler Nationals since it began in 1991.

The Moneta family is a great example of what you find so often in the Mopar hobby – the enthusiasm of an entire family for the brand. Al, his brother,

cousin, sons, nephews, second cousins and a few in-laws all make the trip together. Between them, they own anything from Dusters to Cudas, new Challengers and Jeeps. Lou, Al's brother, has had his original 1970 AAR Cuda on display in the Survivor tent and Building T, where he won the Kid's Choice Award. The Moneta family even wears their enthusiasm on their custom T-shirts. In 2011 Al and Lou devised the idea to use the pentastar symbol and the iconic Mopar "M" in spelling "Moneta." It has become a tradition for the whole family to wear the custom "Moneta" shirts to the event every year.

In 2014 the family missed the event for a family member's wedding but in true Chrysler enthusiast style, they wore their custom T-shirts to it!

Every year, the Moneta

family goes to a bench outside of Gate 2 and makes a toast to family friends that are no longer able to come to the show with them. "This is always a special moment for us," said Al. Another tradition they follow is taking a ride around the event on the tram.

They feel like Carlisle has become their second home and continue to visit us during the Spring, GM, Chrysler and Fall shows. They've also attended Auto Mania in Allentown and the Bloomsburg Nationals.

Lou's bucket list includes going to all the shows on the Carlisle Events' schedule. "We love this place and are hoping that our family keeps coming for many generations," shared Al. With a new baby in the family, we look forward to seeing a tiny version of the "Moneta" T-shirt at the event soon.

ULF ANDERSSON AND HIS 1965 DODGE DART GT

A Dodge Dart Crosses The Big Pond

By Sarah Burkarth, Carlisle Events Social Media Coordinator

Cross the Atlantic Ocean, pass Iceland, enter Sweden and search for a tiny town called Taveljsjö which sits only four hours south of the Arctic Circle. That is where you will find the home of Ulf Andersson, the man who brought his 1965 Dodge Dart GT all the way to the Carlisle Chrysler Nationals this year.

Ulf has been a car guy for as long as he can remember and has been attending car shows for many years. While at the Mopar Nationals in 2009, a woman told Ulf about the Carlisle Chrysler Nationals. He was told that “the people are friendly, the facilities are nice,

there’s a large swap meet and that it was an all-around better show.” Ulf took this knowledge back to Sweden with him, and in 2014 decided to make the trip to Carlisle. Ulf must have enjoyed his time here at the fairgrounds, as he has returned for his second straight year and this time with his car.

Ulf became interested in Dodge Darts back in 1989 and began a search for the perfect one. In 2005, Ulf traveled to Novato, CA to purchase his 1965 Dart GT. He started a full-blown rotisserie restoration on the car once he got home to Sweden. “My goal was assembly line

condition,” Ulf said.

The 2015 Carlisle Chrysler Nationals is the first show that the ‘65 Dart will be on display. Ulf then plans on taking the car to the Mopar Nationals in Ohio this August. Be sure to stop by to say hi to Ulf and see his Dart in Building R.

Outside of his Mopar hobby, Ulf enjoys spending time in nature and fishing. His hometown of Taveljsjö has an average temperature of only 35 degrees so Ulf not only enjoys being surrounded by so many Mopars and fellow enthusiasts, but the very warm July weather as well.

2014 COOLEST CLUB HANGOUT – EAST COAST CAR AND TRUCK CLUB

Car clubs are invited to gather during our events for an official meet or just for fun. Tent rentals are available to use as the headquarters and if enough members register for the showfield, the rental is free. We encourage clubs to have fun with their club tent and decorate

it for a chance to win the Coolest Club Hangout award. The Club Challenge awards go to the three clubs with the most members registered for the showfield. The winning clubs receive a banner to display at their tent. For more details, send an e-mail to Clubs@CarlisleEvents.com.

To see a list of the Officially Recognized Clubs with links to their websites, visit: <http://www.carlisleevents.com/carlisle-events/carlisle-ford-nationals/carlisle-ford-nationals-clubs.aspx>

Coolest Club Hangout

The East Coast Car and Truck Club won the coolest club hangout award in 2014. Club hangouts receive points for vehicle banners/flags, music, club banners, club merch, people, young enthusiasts/kids and club literature. This club had all of those things and more. Congratulations on having such a great time!

OFFICIAL OIL

AMSOIL specializes in developing synthetic technology designed for those who demand the best. Our full line of synthetic lubricants allows you to harness the full potential of whatever you drive, ride or operate.

Since the beginning, AMSOIL has stood apart from other lubricant companies. AMSOIL President and CEO Al Amatuozio founded his company on the same principles that defined his career as a jet fighter squadron commander – excellence, integrity and strong leadership. In 1972, his first breakthrough came. AMSOIL 10W-40 Synthetic Motor Oil, the result of years of research and inspired by aerospace technology, became the first synthetic motor oil in the world to meet American Petroleum Institute service requirements. It outperformed conventional oils on all counts, signaling a new age in lubrication science.

Since then, our commitment to performance hasn't relented. Our synthetic lubricants – formulated, blended and packaged in Superior, Wis. – continue to reset the standard, enabling you to continue testing the limits of vehicle power, speed and performance.

PREFERRED CAR CARE PRODUCTS

For over 100 years, Meguiar's has shared its passion and pride for the car hobby and for making cars appear show-car perfect. They provide quality products for every surface of your vehicle – inside and out. Meguiar's Customer Care Center is available six days a week to answer any car-care questions you have

at 800-347-5700. Or join the discussion on facebook or their online discussion forum at www.meguiarsonline.com. "People who love cars love Meguiar's."

OFFICIAL EVENT GUIDE PARTNER

It's no secret that American car values have been on the move over the past few years, both up and down. It pays for buyers, sellers and owners to know exactly what's going on in the marketplace at any given time, and that information is exactly what American Car Collector magazine does best. Each issue of ACC contains more than 100 market reports on individual cars that have appeared at auction, with published sold prices highlighted by on-site evaluations that cover condition, originality and options. Not only do we tell you what a car sold for, we help you understand why. Every issue also includes in-depth profiles on cars from GM, Ford and Mopar, joined by Hot Rod, Race Car, Corvette and Truck. Whether you have one car or 20, ACC has the information that'll keep you on top of what's happening in the American collector-car world. Subscribe at americancarcollector.com.

Whether you are looking to sell

your classic fast, find your dream classic, or enjoy up-to-the-minute automotive journalism, the ClassicCars.com community is here to support your interest in the collector car hobby.

COLLECTOR CAR INSURANCE

OFFICIAL CLASSIC CAR INSURANCE

Have you ever wondered what collector-car insurance is all about and the best way to purchase insurance? At Heacock Classic we help you insure your car for the you use it, saving you money over the life of the policy. Our goal is to offer a custom, low-cost program designed to fit your needs. Collector car insurance from Heacock Classic provides "Agreed Value" coverage, full coverage during restoration, coverage for modifications, and you choose your own repair shop if your car is damaged. You also get to choose a \$0 dollar deductible and automatically get \$50,000 in coverage for 30 days when you purchase a new classic car. After you request a quote, a status report is usually ready within 24 hours. Then we will contact you to review it and hopefully activate your new insurance policy. It's simple, easy and the best way to properly protect your investment. Call us today at 800-678-5173 or online at www.HeacockClassic.com

OFFICIAL AUTO TRANSPORT COMPANY

Expert care and high-quality customer service set Montway Auto Transport miles apart from other auto movers. As one of the country's largest and most reputable auto shipping companies, we move over

6,000+ vehicles each month, safely and securely across all 50 states, open or enclosed transport, accommodating every type, special care and exotic, military, snowbird, and expedited shipping. Our customers include thousands of satisfied individuals, as well as corporate customers in the moving and relocation, dealership, auctions, and OEM industries. We also provide specialized shipping and technology solutions for corporate customers, with single to full-load capabilities.

PREFERRED AUTO PARTS STORE

RockAuto ships thousands of auto parts from over 300

manufacturers to customers on every continent except Antarctica – including APO/ FPO addresses. The RockAuto catalog is updated daily with mechanical parts such as brake pads and shock absorbers, body parts such as bumpers and mirrors, interior trim such as door handles and carpets, and major assemblies like steering gears, CV axles, engine long blocks, and complete transmissions. There are no mechanics on staff (RockAuto is a store, not a repair shop) but service manuals are available to help customers learn how to perform a repair. The RockAuto catalog is expanding constantly. Someday, it may be possible to build an entire car using parts from RockAuto!

> vendor incentives

Vending at a Carlisle event can be a great way to make money, clean out your garage and provide an overall fun experience. Our 82-acre facility has bath houses and multiple options for dining at our concessionaires so camping in your vendor space is an easy choice. Read on for more reasons to vend at Carlisle.

New Vendors: Free Space

If you've never had space at an event (or haven't for two years), you can get one space FREE if you buy TWO spaces.

Current Vendors: BOGO!

If you buy a vending space at an event where you haven't before, just buy ONE – and get one FREE!

Multi-Show Discounts

If you purchase vending space at 5-6 events during the 2015 season, you will be eligible to receive a 5% discount on your total vendor fees paid. Purchase space at 7 or more events and receive a 10% discount. Discounts will be paid at the end of the season.

Free Specialty Listing

As a vendor you are entitled to one free specialty listing in the event guide for each event you attend. Help your customers find you; return your order form today!

Free Alphabetical Listing

If you buy vending space at an event, you will be included in the alphabetical vendor listing in the event guide.

Space Renewals

You have renewal rights to your vending spaces for 90 days

after the end of an event. You will receive a renewal notice approx. 30 days after the event and a final reminder postcard two weeks prior to the deadline.

Early Bird Renewal Discount

The best deal in renewing your vending spaces is to pay for 2016 before the event is over. You'll get a 5% discount! Visit Vendor Services in the Registration building outside Gate 3.

Buy Vending Space Online

New this year! You can buy vending spaces online! Two weeks after the 90-day renewal deadline, all spaces that have not been purchased will be available on a first-come, first-served basis. You can even choose the exact space!

> car corral bonus - social media showroom

If you buy a **car corral** space in 2015, you are invited to advertise that vehicle for sale on our social media pages – Facebook and Twitter – FREE!

Just e-mail up to four photos of your vehicle to **SocialShowroom@CarlisleEvents.com**. Include your name, vendor number, event name, space number and important details about the vehicle you're selling.

We will post your photos one time – within a 14-day window of the event – on Facebook and Twitter. They will remain in the Social Media Showroom photo album on the Facebook page for

the applicable event.

If you buy multiple car corral spaces, you may advertise each vehicle on the Social Media Showroom. This offer is valid for each car corral space.

The Social Media Showroom is a trial run during 2015. Depending on its success, it may be implemented for 2016 for a fee. Take advantage of this special offer!

Thank you for your support, and we hope the additional exposure of your vehicle provided by the Carlisle Events Social Media Showroom results in a sale.

*Annual Percentage Rate (APR) is effective as of March 16, 2015, and includes a Loan Documentation fee of \$175 and a Loan Administration fee of \$175. Interest rate shown is typically available to borrowers with credit scores of 700 or above and loan term of 48 months or less. Higher rates apply for lower credit scores or loan terms greater than 48 months. Loans financed over 72 months or greater require a minimum loan amount of \$20,000. Loans with a term of less than 72 months require a minimum loan amount of \$5,000. Other standard underwriting criteria apply. We reserve the right to withdraw this product and/or adjust available rates at any time without advance notice. A representative example of payment terms are as follows: Based on a simple interest rate of 4.99% for a \$20,000 loan, this loan would have 48 monthly payments of \$460.50 each at an APR of 5.89%.
