The driver seat of any Corvette is one of the most thrilling places on earth. But the 755-horsepower ZR1 is something else entirely. With aerodynamic technologies learned from Corvette Racing, including a front underwing and 2-way adjustable carbon-fiber rear wing on the ZTK Track Performance Package that help to create 950 lbs. of downforce at speed, there's really no other experience like it this side of heaven.

## From the Event Manager

Welcome to the 36th Corvettes at Carlisle! Life is full of choices and we're grateful you're here with us. Our goal is that you have a memorable experience and tell all your friends about the event so they want join us too!

There is a lot going on, so be sure to review the schedule on page 38 or use the Carlisle events app on your iPhone.

We are thrilled to welcome back Team Chevrolet. You are encouraged to take advantage of the opportunity to talk directly with the people who design and produce the Corvette. They love to hear your suggestions!

The vending area is filled with vendors selling almost everything you need and they are also a wealth of knowledge so don't be shy about asking questions while you are shopping.

The Chip's Choice display features Vette Rods this year in Building T. Read about each car on pages 23-25. We are happy to be assembling a Corvette American Flag display again. Look for it on the hill Friday. The NCRS Gallery always has incredible Corvettes on display under the tent beside Building R. Another place to see incredible Corvettes is the NCCC Judged Showfield.

New this year is the Lingenfelter Performance sponsorship of the Autocross with a \$1,000 cash prize up for grabs! It's open to all registered Fun Field guests, beginner to experienced autocross drivers. Fee \$20.

If you're interested in purchasing a Corvette, be sure to check out the Car Corral where you'll find all years and conditions for sale.

We appreciate your support and look forward to seeing you in the future. Please be sure to give us feedback on how we can improve our events by taking the survey on our website. We welcome any and all feedback and we take it to heart. Enjoy your weekend and thanks for sharing it with us. Life is good, especially when you're driving a Corvette!

This was one crazy whirlwind of a year. Life has its twists and turns; this year was no different. If you recall in last year's edition of Lance's Corner my family and I had full intentions of moving to Florida. After several offers on homes that we loved fell through, we decided to head to Ocean City, NJ where we have a family condo. Doing this allowed Ella, our daughter, to start school much later than FL – which also allowed her to attend Corvettes at Carlisle due to school starting at a later date than in FL.

After a couple of months of living in Ocean City, I had a couple of back-to-back business trips where I was away for a couple of weeks at a time. Upon my return, my wife informed me that “we need to talk” – well, we all know this could go any direction. After our short and very concise discussion, my wife Michele informed me that she LOVED living in Ocean City due to our large network of friends and their children (Michele grew up in Voorhees, NJ). She informed me that rather than go to Florida, she and Ella would prefer living in OC. I let her know my dream was to be in Florida, however, if everyone is happy we could stay and make our home in OC. Needless to say, we're now living in my hometown, where I grew up, Ocean City, NJ. We'll get to Florida; it'll just be postponed a bit until Ella graduates.

Life is good, we're all loving Ocean City! My wife, Michele, and I have been having the times of our lives raising our 9-year-old daughter who continues to grow like a weed. Third grade was exceptional for her; she loved her teacher and made some amazing friends along the way. We managed to find a beautiful home in Ocean City that worked perfectly for our family with the exception of not enough garage space (of course!). I took her to school in the Carlisle Blue

ZR1 and we both overheard one of her teachers say “Look at that car!” – I enjoyed seeing her little smile (I wore a similar one). As I write this, she's headed to horseback riding camp with her buddies. I overheard her talking to Michele prior to leaving and she said “How could I not like horseback riding Mom?! I love animals and I love being outside!” I'm certain she'll have a good time. She's ventured into lacrosse and won a few medals swimming too. Continuing tradition I'll do my best to get her down to the burnout contest in her go kart this year as well!

The past year didn't go anywhere close to what we had planned, but overall it was a great year! We're fortunate to have our health and our family is stronger than ever. Sometimes the twists and turns take us directions we never thought we'd go, but in this case, it was meant to be. We're happy with our decision and down the road perhaps we'll reevaluate our efforts to move to Florida for the winters, but for now we're enjoying life in OC.

We, the Carlisle Events team, strive to put on the best automotive events in the world each year and Corvettes at Carlisle is no exception. I'm confident our team is the best in the business and am grateful to work with each of them. If you see them around this weekend (red Carlisle Events shirts), please take a second to thank them. We put forth countless hours to ensure each of our events go off without a hitch. Each year I do a huge shout out to Jodi Morrison; this year will be no different. She's a large reason why my family and I can live in Ocean City, NJ versus Carlisle, and for that I'm extremely grateful. She does a phenomenal job at ensuring all the details are handled. She's a great person and she's fun to work with too! I'm thankful for our friendship and her countless hours of hard work making Corvettes at Carlisle what it is. Hats off to Jodi for a job well done!

2019 will feature the 50th Anniversary for the '69 Corvette. If you have a 1969 Corvette that you feel would make a great display car next year, please let us know by visiting our website and submitting your information. The Chip's Choice theme next year will be decided by our guests. I'm going to reach out on Facebook and other social media to see what our guests would like. If you have some great ideas to share, please send them along to [lancem@carlisleevents.com](mailto:lancem@carlisleevents.com).

We appreciate your joining us for this year's Corvettes at Carlisle. We're grateful you've chosen to spend your weekend with us – enjoy!

LIZ AND WIL COOKSEY

2008 CORVETTE Z06 WIL COOKSEY 427

Whether you are new to Corvettes at Carlisle or a long-time visitor, one attraction that is always a favorite is spending time with our friend, Wil Cooksey. 2018 is no exception. As a matter of fact, this year we are turning it up a notch and celebrating the “Cooksey Corvette” with a very special display.

Wil has always had a love for cars. When it came time for him to go to college, he left Fort Worth, TX and headed to Tennessee where he received a Bachelor of Science degree in electrical engineering from Tennessee State University in 1965. He continued his education and earned a master’s degree in industrial engineering from the University of Toledo in 1972. Wil then went to Michigan State University where he completed his post-graduate work in mechanical engineering. Afterwards, Wil served as a 1st Lieutenant in the U.S. Army.

Upon return from Vietnam, Wil got his first job in Flint, MI as an assistant professor in industrial engineering at GMI. In 1976, he transferred to St. Louis where he worked at a plant in several different positions.

Soon, he was transferred to the Doraville plant in Atlanta, GA. While in Doraville, Wil worked various superintendent positions. However, that changed when Wil was named the production manager at Fairfax, KS.

In 1993, Wil received an offer he couldn’t pass up despite the 530 mile move from Kansas to Kentucky. Wil started his 15 years of service as the plant manager at General Motors’ Assembly Plant. He remained at his dream job until retiring in 2008. During this time, Corvette was not known as a high-quality company, but with Wil’s direction, Corvette earned “America’s Best Automobile of the Year” by Automobile Magazine; “Best Premium Sports Car” by J.D. Power; and “Best Sports Car” by Money Magazine and the Bowling Green assembly plant won two awards and was recognized as North America’s Silver Plant. Together, Wil and the Corvette team achieved the highest quality and customer satisfaction ever experienced.

After Wil’s retirement, he became Chairman of the Board for the Corvette National Museum in 2009. Later, in

2013, he was inducted into the Hall of Fame at the National Corvette Museum. Wil has even published his own autobiography titled, “No Time to Cry,” which outlines his rough childhood, his time earning his degrees, being in Vietnam and his successful time at the General Motors Assembly Plant.

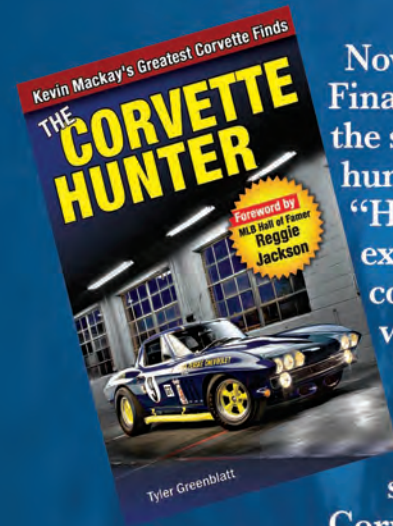

Throughout his career, Wil enjoyed restoring/updating Corvettes and selling them to friends. Wil bought and sold 505 cars throughout the U.S. and even overseas. As Wil said goodbye to his career at General Motors, they released a tribute to his service and dedication. Corvette released the 2008 505 Crystal Red Z06 427 Corvettes in his honor. The cars became known as the “Corvette Z06 Wil Cooksey 427”. After 10 years of retirement and celebrating the 25th anniversary of Wil being hired, we are proud to feature the Cooksey Corvette Display.

We are honored that Wil chooses to spend the third weekend in August with us. Stop by and visit Wil and his lovely wife, Liz in Building R or at one of his seminars. Don’t forget to ask Liz about her new book! (available for purchase!)

# THE GREAT CORVETTE HUNTER CAPTURED BY THE BOOK!

Now, receiving rave reviews. Finally there's a book that tells the story of Kevin Mackay's hunts and searches for the "Holy Grail" of Corvettes, like explorers who sought for lost continents, or prospectors who panned for gold.

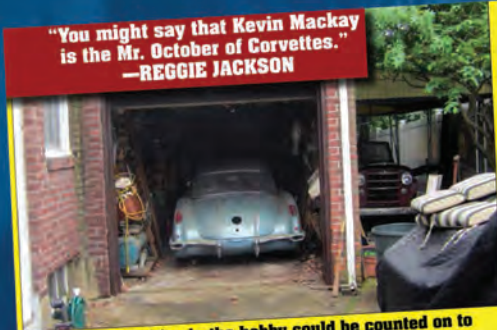

The book is fun to read and tells of the many stories behind the existence of some of the most important Corvettes ever built, and how

Kevin eventually found, restored with his team and went on to earn the highest honors and accolades by Corvette organizations and enthusiasts.

When it comes to finding, repairing, and restoring the most important Corvettes ever built, one man stands apart from the rest in terms of the sheer volume and importance of the cars he's been involved with. Kevin Mackay, along with his team of expert restorers at Corvette Repair have won thousands of awards and hundreds of magazine and book features. As interesting as the cars themselves are, the tales of perseverance, grit, and cunning behind them are even more incredible. For the first time ever, Kevin Mackay tells the true stories of how some of the greatest Corvettes of all time were found and brought back to life. After more than 30 years in the Corvette business, his passion for America's Sports Car never waned, earning him the title of The Corvette Hunter.

**"You might say that Kevin Mackay is the Mr. October of Corvettes."  
—REGGIE JACKSON**

**Few authorities in the hobby could be counted on to provide this much entertainment in a single volume.**

It's hard to imagine that a car with the racing pedigree of the Rebel Corvette could be neglected to the point of it being lost. Winning the GT class at the 1972 12 Hours of Sebring wasn't enough to keep this car from becoming just another old wreck out behind the shed. It was many years before Kevin Mackay came to rescue this prominent machine.

Finding, documenting, restoring, and selling rare and valuable Corvettes is one of Mackay's specialties. His business, Corvette Repair Inc., is considered the premier Corvette restoration facility in the country. However, it just wasn't the Rebel L88 Corvette that he found and restored.

Mackay tells story after story of finding and restoring valuable Corvettes such as the 1960 Briggs Cunningham Le Mans racer that took 1st in class. He also tells stories of Steve McQueen's 1966 Corvette, the 1967 Bounty Hunter racer, 1968 Sunray DX #2 and #3, and chassis #003 from 1953. If you like L88 Corvettes, no one has bought and restored more of them than Kevin Mackay and his team at Corvette Repair!

At this August 2018 Corvettes At Carlisle event, Kevin and the author Tyler Greenblatt will be giving a seminar and sign books at 11am Friday at the Seminar Tent and 9am Saturday also at the Seminar Tent.

Call Kevin J. Mackay at 516.568.1959 • [CorvetteRepair.com](http://CorvetteRepair.com)  
**BRINGING CORVETTE HISTORY BACK TO LIFE**

Kevin Mackay founded Corvette Repair Inc. in 1985 after years of devoting his life to Corvettes. In 1978, at 21 years old, Kevin was working for a Chevrolet dealership where his love for Corvettes flourished. His love grew when he was put in charge of preparing a '78 Corvette Pace Car for sale. Although Kevin never thought he would own a Corvette, he had the Corvette bug and, after a few years and hard work, he bought a '64 convertible.

Despite his family advising against his decision, Kevin opened Corvette Repair in a rented one-bay garage out of an auto repair shop in Valley Stream, NY. In 1987 he was able to move into his current, custom-built facility in the same town. With the growth of the company, the building was expanded to accommodate the ever-growing audience of

Corvette collectors. Corvette Repair Inc. specializes in complete body work, collision repair, painting, color matching, interior installation, and drivetrain and chassis service from 1953 models to present. With their mission statement, "We strive for the utmost in detail and perfection," it comes as no surprise that Corvette Repair Inc. has an impressive portfolio with 1,009 awards, 20 Best in Shows and 17 Best in Class.

With his experience and passion for Corvettes, Kevin was inducted into the Bloomington Gold Great Hall in 2012. Corvette Repair Inc.'s work also makes an annual appearance in the Bloomington Gold Special Collection. Their restorations are also featured at the National Corvette Museum, located in Bowling Green, KY. In July 2014, Kevin was invited back to Bowling Green to be the

Grand Marshal of the Corvette Homecoming. He is also a lifelong friend of Corvettes at Carlisle and we couldn't be happier to have him with us.

33 years since the opening of Corvette Repair Inc., Kevin's love for Corvettes never diminished, but grew with his extensive work and time spent with Corvettes. This love and passion inspired Kevin to produce a book entitled "The Corvette Hunter: Kevin Mackay's Greatest Corvette Finds," which was published this year. It outlines how Kevin became known as the Corvette Hunter along with his many successes in restoring cars, such as the 1960 Briggs Cunningham Le Mans racer, 1969 L88 Rebel, the 1967 Bounty Hunter racer, the 1968 Sunray DX #2 and #3 and chassis #003.

Visit Kevin Mackay and author Tyler Greenblatt to hear some of Kevin's greatest stories, buy a copy of his book and have it signed! **Friday 11 AM & Saturday 9 AM in the Seminar Tent**

Corvettes at Carlisle is fortunate to host some of the biggest names in the hobby. See page 11 for a list of who is joining us from Team Chevrolet, page 13 to read about Wil Cooksey, page 15 about Kevin Mackay and pages 36 and 37 about the experts who are presenting free seminars. We are very pleased to welcome Ken Lingenfelter and to recognize our Chip's Circle V.I.P.s listed here. See the schedule for autograph times and locations.

## Ken Lingenfelter

Born the son of a General Motors executive, Ken Lingenfelter grew up with

an appreciation for stylish, high-performance automobiles. He bought his first Corvette in 1977. Additional cars were acquired, as his passion for performance cars grew. Having sold his company, he has dedicated himself to assembling a collection of significant muscle cars, Corvettes and exotic cars from around the world. In 2008, his passion for speed and excellence led him to purchase the assets of Lingenfelter Performance Engineering, a company founded by his distant cousin John Lingenfelter. Many of Lingenfelter Performance Engineering (LPE) products have been instrumental in establishing performance thresholds.

**LINGENFELTER**

**REGISTER AT GUEST SERVICES  
BEFORE 3:30 PM SATURDAY**

What could be better than a relaxing three-day stay at a resort in western Nevada? How about taking a Corvette onto a race course with instruction by professional drivers? You can do that if you are the lucky winner of this weekend's giveaway.\* One person will be awarded a \$500 Visa gift card, given the chance to spend three nights at the Spring Mountain Motor Resort and Country Club in Pahrump, Nevada and have access to the Level 1 Ron Fellows Performance Driving School.

Call it High Speed 101 if you'd like, but this Level 1 deal is really open to drivers of all skill sets. If you want to know what you'll experience, keep reading...because you'll be in for the experience of a lifetime if you win this prize.

***If you are a registered vendor, Fun Field or NCCC participant, you are already entered to win.***

What will you drive? A C7 with the Z51 option package.

What about the sessions? The Level 1 driving school is as much educational as it is hands-on fun. The curriculum focuses on developing your car control skills and performance driving techniques. And, so you don't feel alone or lost, there is a two-way radio. This keeps you in constant contact with the instructor.

It's one thing to drive fast on a dry surface, but what about wet roads? This curriculum also includes dynamic car control exercises for wet surfaces, handling on oval courses versus road courses, and helps improve your driving skills visually. After all, you need to see what's in front of you at all times as well as what is beside and behind you too. There is instruction on cornering and you'll get to lead and follow the instructor while also getting open track time.

Mind-speed and decision-making are key elements in the high performance world. All car control exercises and on-track training will help you improve your ability to process information quickly and accurately, resulting in a better coordination of eyes, hands and feet as well as improved speed and accuracy.

When you are done with the R&R (rest, relaxation and racing), you'll find yourself a more knowledgeable and confident performance driver.

CHIP MILLER

## ABOUT CHIP MILLER

Chip Miller was known worldwide for his resilient positive attitude, his passion for Corvettes, his tremendous personal Corvette collection and for creating the grandest Corvette event anywhere on the planet – Corvettes at Carlisle.

In December 2003, Chip was diagnosed with a little-known disease called Amyloidosis. Sadly, due to complications from the Amyloidosis, the world lost an incredibly special human being on March 25, 2004. Had Chip and his doctors been aware of the symptoms of the disease when they first presented, this legend might still be with us today.

## OUR MISSION

The mission of the Chip Miller Amyloidosis Foundation (CMAF) is to empower people with the knowledge and understanding of Amyloidosis for earlier detection, ensuring a better quality of life for those afflicted with the disease and to help science find the cures.

## ABOUT AMYLOIDOSIS

Amyloidosis occurs when enough abnormal protein, called amyloid, builds up in one or more organs to cause a malfunction. As an abnormal protein, amyloid originates in bone marrow. The heart, kidneys, nervous system and gastrointestinal tract are most often affected by the disease.

Signs and symptoms of Amyloidosis depend on the organs affected. The wide range of symptoms makes it difficult to diagnose.

## YOUR SUPPORT IS APPRECIATED

During Corvettes at Carlisle, you can support the CMAF by buying merchandise, making a donation or by attending the benefit dinner. Additional events take place throughout the year to support the Foundation. Please visit our website, [www.chipmiller.org](http://www.chipmiller.org), for more information about these events.

### MERCHANDISE SALES

You can buy merchandise at CMAF Hospitality in Building R during Corvettes at Carlisle.

### BENEFIT DINNER

This annual fundraising event is held on Friday evening during Corvettes at Carlisle at the Carlisle Expo Center. Enjoy a buffet-style dinner with beverage bar, the opportunity to mingle with Corvette dignitaries, several guest speakers, a silent auction, door prize and, of course, Corvettes!

Tickets are \$75 and a limited number will be sold at the door just before the event begins. You can pre-register online for next year and get your ticket for \$60 if purchased before the deadline.

### CHIP'S CIRCLE V.I.P. PACKAGE

Consider joining Chip's Circle next year. It is a package that includes two tickets to the Benefit Dinner plus a lot of exciting perks! See our website for all the details and to sign up for next year.

You've heard of Hot Rods, but how about Vette Rods? Yes, it's really a thing and, in fact, it's a BIG THING! Vette Rods are becoming THE way to customize a Corvette from the past with present-day modifications and a futuristic flare.

Vette Rods are powerful and unique-looking, yet in many cases stay true to the original design of the car. Customizations can include the engine, interior, exterior or all of the above. If a Corvette goes fast, Vette Rods go faster and if the sound of a standard Corvette engine makes you turn your head, you'll get whiplash enjoying the purr of a Vette Rod motor. The thing that makes a resto mod Corvette so awesome is that an owner can

have the styling of an old classic with the drivability, performance, handling and all the luxuries of a brand-new Corvette.

"Vette Rods are becoming more and more mainstream," says Lance Miller, co-owner of Carlisle Events and event manager for Corvettes at Carlisle. "Many people love the old body styles but would prefer having all the current amenities of a new car. A Vette Rod is just that ... something that looks old but has current components to make it feel like you're driving a new car," continued Miller. "We're excited to showcase some of the best Vette Rods in the country." Don't miss this unique showcase in Building T!

## CHIP'S CHOICE #366

1961 CORVETTE  
BOB AND CARRIE FRAMPTON

My wife and I found this Corvette for sale at the 1997 Corvettes at Carlisle. We drove it for a couple of years and in 2002 I decided to strip it down and restore it. The body was in terrible condition and I didn't have any of the original drivetrain so I decided to build a resto mod.

# 1968 Corvette 50th Anniversary Display

2018 marks the 15th anniversary of our first 50th Anniversary display in 2003. What started as a showcase of one Corvette from each year of production evolved into an annual showcase of Corvettes from 50 years ago.

1968 was the first year that the third generation of Corvettes (C3) were produced. The C3 ran from '68 through '82 and is the longest continual production cycle of any of the seven Corvette generations.

Some unique enhancements to the 1968 were its new body and interior. Concealed headlights moved into position via a vacuum operated system rather than electrically as on the previous generation and the new hide-away windshield wipers utilized a problematic vacuum door.

Happening in the world around the time the C3 was introduced, Lyndon B. Johnson was on the

way out as the 36th President of the United States after Richard Nixon won the fall '68 election.

Movies included a new rating, R, and the Beatles released their White Album and movie, Yellow Submarine.

The first federal seatbelt laws were passed in 1968, requiring all new cars to have them. It wasn't until 1984 that the first state (New York) actually required you to wear them. Airbags were also new in '68. They were invented and developed to deploy on impact via nitrogen gas. One thing we'd all like to bring back is the 1968 cost of a gallon of gas – it was 34 cents! That means to fill today's C7 Stingrays, you'd be paying around \$6.29 (18.5 gallon tank) and \$6.80 for your '68 (20 gallon tank).

Thank you for enjoying all Corvettes – past, present and future!

## NCRS Now Judging Modified Corvettes

The National Corvette Restorers Society (NCRS) is now judging modified and customized C1 - C4 Corvettes. NCRS is recognized as the premier organization in the collector car hobby and their judging standard for restored Corvettes is "the way it left the factory, no better, and no worse."

The new program is called NCRS Concours Judging. The NCRS has taken this bold step to include more Corvettes. It is now possible to have your stock-appearing Corvette, that has a crate motor under the hood, judged by NCRS using an approach that is similar to that used for judging restored Corvettes. Likewise, if you have a resto-mod or custom, it now qualifies for NCRS Concours Judging.

NCRS offers two divisions in its Concours program. The Stock Division includes all Corvettes that are basically stock-appearing (fiberglass, body paint color, etc.) with the hood, doors and trunk closed; wheels and tires may be non-OEM in the Stock Division. The Modified Division includes any modified Corvette that does not qualify for the Stock Division.

Like the NCRS Flight Judging system, the NCRS Concours Judging program will evaluate five distinct sections: Operations, Interior, Exterior, Mechanical and Chassis. Appearance is the only aspect judged in NCRS Concours Judging. Originality will not be a judging component. The owner can modify and customize their Corvette as they desire and not be subject to any originality penalty.

Because originality is not a component of this new judging system, Trim Tags and Service Parts Labels will not be evaluated, in fact, those two items do not even need to be on the car (subject, of course, to local laws and regulations). However, all cars must have been born as a Corvette, have an original VIN Tag, and have a title/vehicle registration that states the car is a Corvette (i.e. no kit cars).

NCRS will offer two different awards in each of the divisions. The awards for the Stock Division are named NCRS Blue Ribbon Award and NCRS Red Ribbon Award. For the Modified Division, the awards are named NCRS 427 Award and NCRS 327 Award.

**See a sample of this new NCRS judging in front of the Grandstand Saturday at 11 AM!**

The NCRS will judge two of the Vette Rods from the Chip's Choice Display. You are welcome to stop by and learn more about this new chapter in the ever-evolving NCRS.

# Event Highlights: Salute To Service

CORVETTE AMERICAN FLAG

MR. WESLEY WONG, SPECIAL GUEST (LEFT: 9-11-01)

#WeStand at Carlisle is a fact that is evident at every event on our schedule. At 9 a.m., when the National Anthem plays, we stop and direct our attention to the flag. People also bring their cars to an abrupt stop and do the same. Even if you are at the show this weekend from another country you also stop and revel in the moment with your fellow enthusiasts. Why? Respect! Carlisle, the community, is rooted in military history and offers passionate support for our first responders. It's this history and respect that bring the Corvette American Flag to the forefront once more.

Don't miss the pageantry on Friday as we build and present the Corvette American Flag and a very special **Salute to Service** in front of the Grandstand. Beginning at 10 a.m., we'll start building the flag on the hill on the east side of the fairgrounds. See dozens of Corvettes come together to form THE symbol of our freedom.

As America's Sports Car builds to the 2 p.m. payoff, we'll also host some very special ceremonies in front of the Grandstand. Not only will 2 p.m.

mark the grand unveiling of the completed flag, but we'll have a Red, White and Blue tribute on the stage. Enjoy a reading/recording of "What is an American," written by Michael Brown and first performed live by him in 2015. Re-recorded with a different voice, but the same great message, we'll play it to get things started. Not long after, we welcome all on-site Veterans to join us for a Reaffirmation of Oath Ceremony. Once completed, trumpeter Willard Jackson will play the service anthems of the Army, Navy, Air Force and Marines.

If all of this doesn't give you goose bumps, our next guest will. We are excited to introduce Mr. Wesley Wong. Mr. Wong will share his thoughts and introduce a tribute and parade of Carlisle's local first responders past the stage, sirens and lights a-blaring! The kicker to it all, and THE reason #WeStand, is that Mr. Wong was one of the first on-scene during the terror attacks of September 11, 2001. #WeStand to honor the fallen, those lost domestically and abroad and #WeStand to respect Mr. Wong, a man who personally witnessed the

horrors of THE worst terror attack on American soil! #WeStand for this man and the many others who have seen loved ones fall.

A decorated FBI agent, Mr. Wong also serves on the board of the National Corvette Museum (NCM) and the NCM Motorsports Park and is a car lover himself. Retired in 2006, Mr. Wong now works in the private sector and is currently a Senior Advisor to the Special Operations Command, headquartered at MacDill Air Force Base (AFB), Tampa, Florida and the Joint Special Operations Command, Fort Bragg, Fayetteville, North Carolina. He remains involved with his former organization at the FBI Academy and is a Senior Fellow of Advanced Antiterrorism Studies at the Air Force Special Operations School, Hurlburt AFB, Fort Walton Beach, Florida. Mr. Wong holds a Top Secret, SCI clearance.

So you see, this is what makes America great. We not only invite you to be part of the celebration, but thank you for being part of this event!

WATCH THE CORVETTE AMERICAN FLAG DEVELOP FRIDAY 10 AM - 2 PM.  
JOIN US AT THE GRANDSTAND FRIDAY AT 2 PM FOR A VERY SPECIAL PROGRAM.

## Special Guests

Be sure to talk to members of Team Chevrolet (more on page 11) in their tent on the midway. Don't miss your chance to meet our special guests and get autographs. Read about them on pages 13, 15 and 17 and see the schedule on pages 38-39 for autograph times.

- **HOSTED BY CUMBERLAND VALLEY CORVETTE CLUB**
- **SPONSORED BY LINGENFELTER PERFORMANCE**

Be our new King of the X! Any Corvette owner who wants to compete for bragging rights, this is your chance! New in 2018, Corvettes at Carlisle and Lingenfelter Performance offer you the chance to win \$1,000!

There are qualifying sessions Friday and Saturday, then the competition itself. The top 8 from qualifying advance to a bracket-style shootout on Saturday.

From there, 8 cars run, then 4, then 2, with those final 2 going at it until there is a clear cut winner!

The winner will receive their prize at the stage on Saturday prior to the Ms. Carlisle contest.

### **TO PARTICIPATE:**

- Show registration sticker (Fun Field, Reserved Fun Field, NCCC Judged Showfield or Chip's Circle), driver's license and proof of insurance are required
- Registration is at CVCC ("Autocross Registration" on Row NF)
- Fee \$20

## Kids' Activity Center

**LOCATION: BUILDING R (ROW IB)**

**HOURS: FRI. & SAT. 9 AM - 5 PM**

The activity center is for kids 12 and under and features crafts, an outdoor playset and more! Our young enthusiasts can color, paint and enjoy a little time doing what kids do. Every child gets a FREE GIFT (while supplies last). Adult supervision is required; it is not a child care service.

## Kids' Choice Awards

Kids 12 and under are encouraged to vote for their favorite Corvette in Building T for a chance to win a **\$100 Visa Gift Card!** We will draw the name of the winner after the event and mail the card. The Corvette with the most votes gets an award.

### **TO PARTICIPATE:**

- Pick up a ballot and drop it in the box by 5 p.m. Saturday. (Ballot box located outside the Carlisle Store inside Building T.)

## **NEW!** Kids' Cash Grab

Kids 12 and under are invited to join us on the stage Saturday at 3:30 p.m. for a chance to win CASH! Each participant receives a goody bag and a chance to win one minute in the cash grab machine. We keep going until the money is gone!

## Downtown Carlisle Parade & Street Party

On Saturday night, join the fun in charming Downtown Carlisle for the Parade and Street Party as Corvettes drive to the square where they'll park for further admiration by enthusiasts. Local businesses will be open with specials and there is live music by That Band on the courthouse steps. We encourage you to enjoy our town and local fare! Stop by Guest Services for a street map or pick one up on your way out of Gate 3.

## Celebrity Choice Judging

- Saturday approx. 1 - 4:30 p.m. all Corvettes on the Corvette America Fun Field will be considered by our Celebrity Judges for an award.
- If your Corvette is chosen, you will find a sticker on your windshield.
- All you need to do is check in at Guest Services on Sunday morning after 9 a.m. to pick up your award and sign up for the Celebrity Choice Winners' Parade.

## Awards Parade

- On Sunday at 10 a.m., join us at the Grandstand for the awards ceremonies.
- Winners of the Celebrity Choice Judging will drive to the front of the Grandstand in a parade-like format.
- During the parade, your name will be announced as you pull up in front of the Grandstand. The parade is a great photo-op for family and friends and a great way to honor those selected by some of the biggest names in the hobby!

## Reserved Fun Field

We also offer reserved Fun Field parking! It includes a specifically assigned parking space for the entire event. Participants receive a unique dash plaque and vehicle sticker and the opportunity to be considered for a Chip's Champions Award (judging Thursday and Friday 1-3 p.m.) and a Celebrity Choice Award (judging Saturday 1-4:30 p.m.).

## NCCC Concours

### HOSTED BY THE YORK COUNTY CORVETTE CLUB

- Compete against or take a look at the best Corvettes in the world! The National Council of Corvette Clubs' (NCCC) Concours Judged Showfield (seven sanctions event).
- Cash prizes are provided to winners of Best of Show (\$500), Best Concours Prepared (\$100), Best Modified (\$100), Best Street Prepared (\$100), Best Wash and Show (\$100) and Best Custom/Race Prepared (\$100).
- The competition is limited to 175 Corvettes.

## Club Challenge & Coolest Hangout

- Each year clubs compete to see which has the most vehicles in attendance, and an award is presented to the top three.
- There is also an award presented to the club with the coolest hangout. See who won last year on page 69.
- Corvette clubs are welcome to join our club tent area. It does not include reserved parking space, but it's all about networking and having fun! If you are interested in joining the club tent area next year, contact Jodi at [JodiM@CarlisleEvents.com](mailto:JodiM@CarlisleEvents.com).

## Free Registration For Carlisle Blue Corvettes

All 2012 Carlisle Blue Corvettes get free Fun Field registration! If you own one, be sure to contact Jodi at [JodiM@CarlisleEvents.com](mailto:JodiM@CarlisleEvents.com).

### Stump The Corvette Technician

**Thursday 1:30 PM, Grandstand**

Bring your toughest C4-C7 problems to the Grandstand and if you can stump Brittany or Paul, Carlisle Events will treat you to a FREE 2019 Fun Field certificate! There are only two requirements: 1) No aftermarket modified vehicles, as these modifications change the diagnostic process; 2) Please supply your VIN number so that they may have their diagnostic ideas ahead of time. There is no need to tell them WHAT is wrong, just the VIN is necessary. They will diagnose your concern AT the grandstand. Please be with your vehicle at all times during the diagnosis at the event. Bring your best challenge!

---

### Corvette 7th Generation/ZR1

**Fri. & Sat. 9 AM, Corvette Mechanic Tent**

In this Q&A discussion, Brittany George and Paul Koerner will be laying out the updates to Corvette for 2019, including color changes, refinements of electronics and, of course, ZR1. You will see some of the issues they have been seeing in the service side as well as interesting "did you know?" facts about these complex and refined vehicles.

## CORVETTE AMERICA PRESENTING SPONSOR OF CORVETTES AT CARLISLE

Corvette America is proud to once again be the Presenting Sponsor of Corvettes at Carlisle, the premiere annual gathering of Corvettes from every generation.

For more than 40 years, Corvette America has provided quality Corvette Interiors, Parts and Wheels to Corvette restorers throughout the world. That tradition of quality and service continues but with some modern updates. We have expanded our C7 offerings, as well as assembled an inventory of Restomod & Performance Products that can make your Corvette vision a reality.

Corvette America remains a huge presence in Corvette aftermarket manufacturing. Our production facility is located just 60 miles from Carlisle and produces thousands of interior products.

Visit Corvette America during the show along Duke's Boulevard. Inside our large tent, you will find product displays, free catalogs, show specials and a team of helpful sales associates ready to bring your Corvette dream to life.

Shop Corvette America at the show on Duke's Boulevard, online at [www.CorvetteAmerica.com](http://www.CorvetteAmerica.com) or by phone at 800-458-3475.

## SPRING MOUNTAIN MOTOR RESORT

Spring Mountain Motor Resort & Country Club is the exclusive home to the Ron Fellows Performance Driving School. The Corvette school has been honored as "The Official High Performance Driving School of

Corvette". The 332-acre driver's paradise boasts the longest road course in North America at over 6 miles in length. But Spring Mountain is much more. Its resort style facilities rival the finest country clubs anywhere. And while attending the school, you and your immediate family can enjoy all the Club Spring Mountain amenities, including clubhouse, pool, Jacuzzi spa, fitness center, and 4 acre lake.

## A&A AUTO STORES

A&A Auto Stores started as a family business in 1958. Sixty years later, A&A Auto Stores continues to be a leader in the aftermarket auto parts industry. With 18 locations in Eastern and Central Pennsylvania, A&A Auto is showing no signs of slowing down. In January, A&A Auto Stores opened our newest retail location and install shop at 1053 Harrisburg Pike, less than a mile from the Carlisle fairgrounds.

A&A has become a household name within the Carlisle Events community as 2018 will mark our 18th year of participating. A&A's Show footprint continues to grow each year. A&A offers FREE installations of exhaust systems at all of Carlisle's car and truck show events from leading brands like: Magnaflow, Borla, Corsa, Flowmaster, Billy Boat and Kooks. In addition, A&A brings a wide variety of automotive products, accessories and expert knowledge to each Carlisle event including a comprehensive product line of truck and off-road performance parts from suppliers like Extang, Trail FX, K&N, AFE, Volant, American Car Craft, Edelbrock, and Titan Lifts just to name a few.

Carlisle Events brings

together enthusiasts from all over who are genuinely interested in discovering new suppliers and products. We are enthusiasts too and take tremendous satisfaction in knowing that A&A is in the position to get our customers exactly what they need.

## AMSOIL

AMSOIL specializes in developing synthetic lubricants that offer innovative answers to the greatest challenges vehicles present. The extraordinary performance of AMSOIL synthetic lubricants in a range of markets – automotive, powersports, industrial, racing and more – has made their influence in the industry unmistakable and their brand highly respected. Their commitment to innovation has resulted in legions of brand-loyal customers.

It has also resulted in a full line of exceptional specialty products. AMSOIL Signature Series Synthetic Motor Oil, for example, provides 75 percent more engine protection against horsepower loss and wear than required by a leading industry standard.\* Engineered for classic and high-performance vehicles, AMSOIL Z-ROD® Synthetic Motor Oil features a high-zinc formulation to prevent wear on flat-tappet camshafts, and a blend of rust and corrosion inhibitors for added protection during storage.

Their synthetic lubricants – formulated, blended and packaged in Superior, WI – set the standard, providing next-level protection and world-class performance.

\*Based on independent testing of AMSOIL Signature Series 5W-30, in ASTM D7320 as required by API SN specification.

## HAGERTY

In 1984, classic car and boat enthusiasts Frank and Louise Hagerty couldn't find insurance for their treasured wooden boats, so they created their own. In the four decades since, Hagerty has become the global leader in collector car, motorcycle, truck and boat insurance, with offices in the U.S., Canada and the U.K., and has expanded beyond insurance to offer vehicle valuation tools, the award-winning Hagerty magazine, roadside service built for classics and much more.

Everything Hagerty does is built around a passion for cars, and a sincere desire to make the experience of owning classics better. They do this by offering Guaranteed Value coverage and claims handled by collector car experts, along with content and resources directed at automotive enthusiasts. Hagerty also works to keep car culture alive through their advocacy efforts, including the Driving Experience which teaches young people to drive a manual transmission; the RPM Foundation which funds careers

in restoration and preservation; and support of the Historic Vehicle Association's mission to preserve automotive history. Learn more and sign up for their weekly classic cars newsletter at Hagerty.com.

## KERBECK CORVETTE

A tradition of excellence spanning two centuries ... in 1899, Charles F. Kerbeck, patriarch of the Kerbeck family and grandfather of the three brothers who are the present-day owners, began bringing his dream of providing quality transportation to the growing Philadelphia-area population.

In the beginning, horse-drawn carriages evolved into coaches powered by gasoline engines, which evolved into automobiles. Over a century later, the Kerbeck dealerships include 12 highly successful franchises, 11 different brands, and nine separate showrooms. It is one of the great American success stories.

In the early 1920s, Frank C. Kerbeck continued in his father's tradition by opening an automobile dealership in Philadelphia and later expanded to New Jersey.

After Frank C. Kerbeck passed away in 1968, his wife, along with his eldest son Charles, operated the dealership. Shortly thereafter, Charles' two younger brothers, George and Frank, joined the business and the company began developing into the mega-dealership of today.

The Kerbeck dealerships are among the most successful in America. Among other accomplishments, Kerbeck Chevrolet

in Atlantic City is currently celebrating their 24th straight year as the world's largest Corvette dealership selling new Corvettes, an accomplishment of which they are very proud.

## MEGUIAR'S

For over 100 years, Meguiar's has shared its passion and pride for the car hobby and for making cars appear show-car perfect. They provide quality products for every surface of your vehicle — inside and out. Meguiar's Customer Care Center is available six days a week to answer any car-care questions you have at 800-347-5700. Or join the discussion on Facebook or their online discussion forum at [www.meguiarsonline.com](http://www.meguiarsonline.com). "People who love cars love Meguiar's."

## ROCKAUTO

RockAuto ships thousands of auto parts from over 300 manufacturers to customers on every continent except Antarctica — including APO/FPO addresses. The RockAuto catalog is updated daily with mechanical parts such as brake pads and shock absorbers, body parts such as bumpers and mirrors, interior trim such as door handles and carpets, and major assemblies like steering gears, CV axles, engine long blocks, and complete transmissions. There are no mechanics on staff (RockAuto is a store, not a repair shop) but service manuals are available to help customers learn how to perform a repair. The RockAuto catalog is expanding constantly. Someday, it may be possible to build an entire car using parts from RockAuto!

ARTWORK BY K. SCOTT TEETERS: "CORVETTE AMERICANA" AND "THE POWER OF THE CORVETTE"

By K. Scott Teeters

We all know that the Corvette is "America's Sportscar" so it's only fitting that several years ago someone came up with the brilliant idea to create an American Flag out of Corvettes during Corvettes at Carlisle. How cool is that?

Seeing photos of the Corvette American Flag in magazines always brought a smile to my face. After pondering the idea for a while, I literally woke up one morning with an idea. I saw it clearly – a layout of red and white Corvette profile illustrations, from 1953 to 2018, with a blue field with white stars to form an American flag. The title of the art simply had to be "Corvette Americana."

Like most ideas from one's mind's eye, it forms almost instantly. Bringing this into reality took about a month, as this was an extra project on top of my usual duties with Vette Magazine and Vette Vues Magazine. But the results are exactly as I saw it one morning last spring.

My "Corvette Americana"

11" by 17" signed and numbered prints are currently being offered on my page in the National Corvette Museum's online store and on our Amazon.com store.

Since I was inspired by what I saw at Corvettes at Carlisle, this year I wanted to do something really special for the show and the Chip Miller Amyloidosis Foundation. A special 48" by 36" "Corvette Americana" canvas wrap print will be auctioned off at the Chip Miller Amyloidosis Foundation Benefit Dinner Friday night at the Carlisle Expo Center. But wait, there's more!

On display in the CMAF Hospitality Area (Building R) will be an updated version of my

"The Power of the Corvette." This big 48" by 36" canvas wrap print shows every important Corvette engine from the 1953 Blue Flame Six to the Mighty C7 ZR1's LT5. Unlike the 11" by 17" prints we offer on tan-colored parchment paper, this layout features a brush metal background that creates a "technical art on metal" look. This print will be presented to one of the guest Chevrolet engineers.

The "Corvette Americana" and "The Power of the Corvette" prints are the first two of what will be a larger series of BIG prints, perfect for a Corvette Man Cave. It is indeed an honor to be a contributor to the Corvettes at Carlisle Show.

*K. Scott Teeters has been a contributing artist and writer for Vette Magazine since 1976. His monthly column in Vette Magazine has been in every issue since the spring of 1997. Also, Scott has been a freelance writer and artist for Vette Vues magazine since 2012. And, you can keep up with Scott's Corvette writing at his blog site, [CorvetteReport.com](http://CorvetteReport.com) and [IllustratedCorvetteSeries.com](http://IllustratedCorvetteSeries.com).*

# The Carlisle Quest Scavenger Hunt

Chip Miller loved everything about Corvettes – absolutely everything – and he had a dream. In 1960, the Corvette won its class during the 24 Hours of Le Mans race in France for the first time in history. Chip wanted to obtain this legendary Corvette from the racing team, restore it, take it to France and unite it with its drivers to celebrate the 50th Anniversary

of that momentous win.

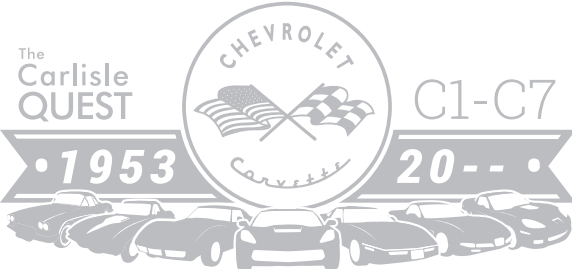

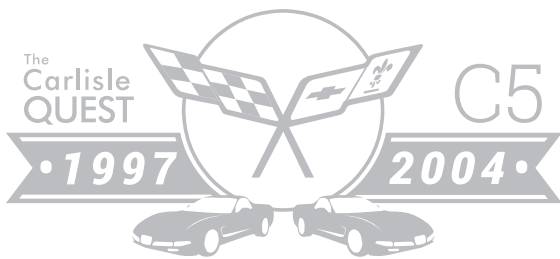

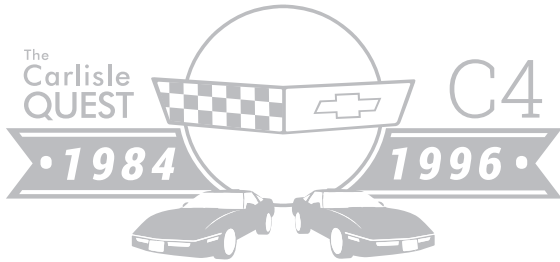

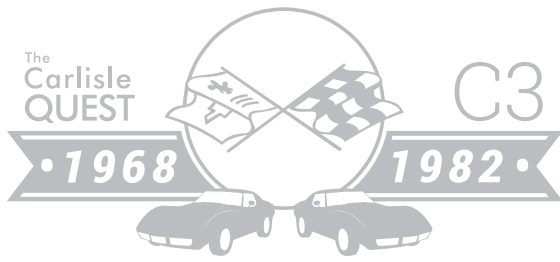

Finding the car after it disappeared for decades was a great day for Chip and everyone who knew how important it was to him. He had it restored to its race-day glory and was elated to see it come to fruition. Sadly, shortly after this portion of Chip's quest was complete, he was diagnosed with Amyloidosis and passed away in 2004.

Knowing this quest was one of his father's biggest dreams, his son, Lance, saw it through. Award-winning producer and director Michael Brown documented every step of the way. What resulted was an emotional account of Chip's dream, entitled "The Quest." See the trailer online at <https://www.youtube.com/watch?v=PTfr6jaP1zl>.

- We invite you to share "The Carlisle Quest" with someone and experience the thrill of the hunt and the satisfaction of completing the journey.
- Using the map in the centerfold, go to each location marked with a "Q" where you'll find a tall flag (as pictured above) that represent the C1 through C7 Corvette body styles. There will be a staff person there to stamp your event guide.
- After you acquire all the stamps, take your event guide to Guest Services for the "C1-C7" stamp, pick up your limited edition Carlisle Quest pin and take the opportunity to enter to win a 2019 Fun Field Registration.

# 2017 Club Challenge Winners

Car clubs are invited to gather during our events for an official meet or just for fun. We encourage clubs to have fun with their club tent and decorate it for a chance to win the Coolest Club Hangout award. The Club Challenge awards go to the three clubs with the most members registered for the showfield. The winning clubs receive a banner to display at their tent. For more details, send an e-mail to [JodiM@CarlisleEvents.com](mailto:JodiM@CarlisleEvents.com). Below are last year's winners.

1st Place: '63-'67 Stingray Registry,

2nd Place: Cumberland Valley Corvette Club

3rd Place: ZR1 Net Registry

Coolest Hangout: Solid Axle Corvette Club

# Join The Conversation

The social media world is always evolving; don't get left behind! We are very active in our online campaigns and want you to join us. Look for daily updates and entertainment on Facebook, Twitter, Instagram and more.

Have you ever wondered who is posting to the Corvettes at Carlisle Facebook page and interacting with you? It could be one of three people: Lance Miller (Carlisle Events co-owner), Eric Zuo (Web & Multimedia Manager) or Jodi Morrison (Lance's assistant).

The Corvette Facebook page is still in second place for "total likes" out of all the Carlisle Events' pages, right behind the Ford Nationals page. Tell your friends, let's move into first place!

## POLICIES

### Driving On-Grounds

For safety reasons, the use of all personal means of transportation (bikes, scooters, golf carts, ATVs, motorcycles, minibikes, etc.) is **FORBIDDEN** on the Fairgrounds from **7 A.M. TO 5 P.M.** on all show days, except handicap. No unlicensed drivers may operate vehicles at any time. Verification of insurance is required.

### Drones & Remote-Controlled Devices

Remotely controlled aircraft and ground vehicle devices are prohibited on and above the Carlisle Fairgrounds (collectively "Drones"). Individuals given approval to operate Drones by Carlisle Events must provide a picture of the Drone, address and phone number, a copy of a valid driver's license and any other information deemed necessary or requested by Carlisle Events.

### Pets

Pets are strongly discouraged for health and safety reasons. If you cannot make other arrangements, your pet must be on a leash and policing after it is required. Your pet must be under your control at all times, and you are responsible for its actions. Any unsafe action by your pet may result in expulsion without refund.

### Conditions

Dangerous or slippery conditions can exist on the Fairgrounds. Due to the nature of the goods

displayed, heavy equipment and moving vehicles are present. Carlisle Events cannot be responsible for the conduct of vendors and patrons entering the premises. Those who enter the Fairgrounds do so at their own risk.

### Photo & Video Disclaimer

Filming and photography take place during events held at the Carlisle Fairgrounds and Carlisle Expo Center. By attending any Carlisle Productions event, there is implied consent, and you agree to give Carlisle Productions and authorized filming and/or production companies and/or media outlets the right to film, photograph, record your name, nickname, picture, biographical material, voice and/or likeness and to use in any manner of media in connection with the event or future events and the advertising and promotion thereof. The same holds true for any vehicle, product or any other item you display or bring to the event. You also agree to the broadcast, production, reproduction, printing, distribution and exhibition of any such photographs and/or recordings of the event, and any programming derived from the event, by any and all means, media, devices, processes and technology now or hereafter known or devised anywhere in the universe at any time in perpetuity as Carlisle Productions or any of these authorized producers, filmers, photographers and/or media outlets elect without compensation of any kind to you.

## REVITALIZATION PROJECT

The site of the former International Automotive Components plant, located along Spring Road a few blocks from the Carlisle Fairgrounds, closed in 2008. Carlisle Events purchased the property and has undergone several years of clearing the land, planning, cutting through red tape and is now in the beginning stages of construction. The first phase of the project is the infrastructure – roads, storm water runoff, sewage, power and water lines, etc. By the end of this event season we expect to see some buildings take shape to include a hotel, shops and a luxury car condominium community (Concours at Carlisle [concourseatcarlisle.com](http://concourseatcarlisle.com)). We are very excited at the progress and will include updates in this year's event guides.
